## Procedures Governing Electronic Meetings of Cottonwood Heights' Public Bodies

Pursuant to UTAH CODE ANN. §52-4-207, the following procedures (these "*Procedures*") shall govern any electronic meeting of any of the public bodies ("*Public Bodies*") of the city of Cottonwood Heights (the "*City*") (including, without limitation, any meeting of the City's city council [the "*Council*"]) at which any member(s) of such body, or any of the City's appointed officers, are participating by means of a telephone, internet or other electronic method. Unless otherwise clearly indicated by the context, capitalized terms below shall have the same meanings as in the Open and Public Meetings Act, UTAH CODE ANN. §52-4-101 *et seq.* (the "*Open Meetings Act*").

1. Meetings of the City's Public Bodies may be conducted by electronic means pursuant to UTAH CODE ANN. §52-4-207 if, after making reasonable effort to do so, the Public Body is unable to hold the meeting with all its members physically present in the physical anchor location ("*Anchor Location*").

2. Any Electronic Meeting shall be held in strict compliance with the public noticing, Anchor Location and other requirements of the Open Meetings Act.

3. Without limiting the foregoing, notice of the Electronic Meeting and a description of how the members will be connected to the Electronic Meeting shall be given to the members of the Public Body at least 24 hours before the Electronic Meeting so they may participate in it. Members of the Public Body who desire to participate electronically are responsible for providing their contact information to the City's recorder (or other City-designated administrator of the meeting) in advance of the meeting to allow their participation.

4. During an Electronic Meeting, contact shall be established and maintained by telephone, by televised conference, by the internet, or by any means of electronic communication reasonably designated by the City. All parties participating electronically shall be able to hear and to speak with each other and all present in the Anchor Location, and all parties in the Anchor Location shall be able to hear and to speak with those participating electronically. If visual aids or documents are to be presented or used at the meeting, reasonable efforts should be made to provide copies to each person participating electronically.

5. The City shall establish one or more Anchor Locations for the meeting, at least one of which shall be where the Public Body would normally meet if they were not holding an Electronic Meeting. City staff shall assure that space and facilities are provided at the Anchor Location so that interested persons and the public may attend and monitor the open portions of the meeting.

6. Upon determining that a quorum ("*Quorum*") of the Public Body is present and communication is established as required, the chair of the meeting shall convene the meeting and take a roll call of those participating. If a member is disconnected during the meeting, so long as a Quorum still exists the chair shall have discretion of whether or not to continue the meeting without that person or to wait until they can be reconnected.

7. Electronic participation in a meeting shall constitute presence at that meeting for

all purposes, including the determination of a Quorum and voting.

8. Minutes of an Electronic Meeting shall note that the meeting was conducted electronically in accordance with the Act and shall identify the members of the Public Body who participated electronically.

9. These procedures may be revoked or amended at any time upon written resolution of the Council.

10. Any Anchor Location, noticing, and other provisions of these Procedures that are suspended or modified pursuant to UTAH CODE ANN. §52-4-207(4) may be so suspended or modified as provided in that statute or its successor.
